

Can you help OR do you know someone that can?

As part of 'Creating Active Schools' (CAS) we are also developing our school break and lunchtimes. We are working with Outdoor Play and Learning (OPAL) to ensure that every child at Easterside Academy, has **at least one hour's outstanding outdoor play every school day**. As a school we know and see the **value of 'play'** and being **'active'**. In our modern-day society, our children are not engaging in the 'play' that many of us did as young children and we want to change this! We hope to **strengthen play opportunities** at break times, using the whole of our **fabulous school site!**

We need small world toys!

Each week this half term we will be giving a shout out for resources that would really engage our children in active, creative play.

If you can help OR know anyone that could, please contact the school on:-
