

## Year 5/6 Homework Activities

Create a fact file about the River Nile and compare it to other famous world rivers. Include photographs and wow your classmates by showing them the range of amazing animals that live in and by the river.

Write a story with a water theme, maybe a river monster that comes to life? Use your imagination.

Make a comic strip of the water cycle with a water droplet as your main character.

Make a 3D landscape model of a river. Try and include 4 features of a river.

Use an atlas or the internet, find the names of the world's longest rivers.

Create your own shaduff.

Write a leaflet that helps people understand the importance of saving water.

Write a poem explaining the water cycle.

Draw or paint a picture of a river scene. You could use water colours or try and use different materials you have in your house.

Research a river in our local area. Find out as much information as you can and present in your own way.

## Year 5/6 Homework Activities

### Information for children and parents

Well done on starting your homework project!

Over the next half-term you have been given the challenge to complete as many of tasks to answer our enquiry question 'How important are rivers?'

- ✓ Each week we ask you to bring in one of your homework activities to share with your classmates. Each completed activity can then be ticked off.
- ✓ You could even complete other pieces of homework linked to the topic not included on your activity sheet. Be creative!
