# Accessibility Plan

## 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum.
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At Eastfield Primary Academy, we are committed to working together to provide an inspirational, exciting and unique learning environment where all children are nurtured to flourish - regardless of gender, race, disability or religion.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

We work closely with other schools within the Enquire Learning Trust, SEND

Outreach Team, Applied Psychology and the Specialist Advisory Service (cognition and learning team; communication and interaction team and physical and sensory team)

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including governors, Eastfield staff, the Enquire Learning Trust and parents and carers.

## 2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

### Access

The school is a two-storey building with wide corridors and several access points from outside. All KS1 areas are on the ground floor with wide door access to all rooms. The Foundation Stage is also all on the ground floor and easily accessible in all areas. KS2 is currently upstairs. The stairs are wide

enough to make them accessible. As the Academy currently have no physically disabled children or parents, access to these areas are of no issue. However, should the need for access on the ground level be required, the Academy is flexible with its position of classes. The Academy has disabled toilet facilities and a wash room. This is fitted with a handrail and pull emergency cord. All classrooms are carpeted to minimise noise for the hearing impaired.

The Academy has the internal emergency signage and escape routes clearly marked.

## Aim 1: To increase the extent to which disabled pupils can participate in the school curriculum

Improving teaching and learning lies at the heart of the school's work. Through self-review, school to school collaboration within the Enquire Learning Trust and Continuous Professional Development, we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.
