Showbie

Showbie can be used on a laptop, desktop computer or tablet by visiting <https://www.showbie.com>

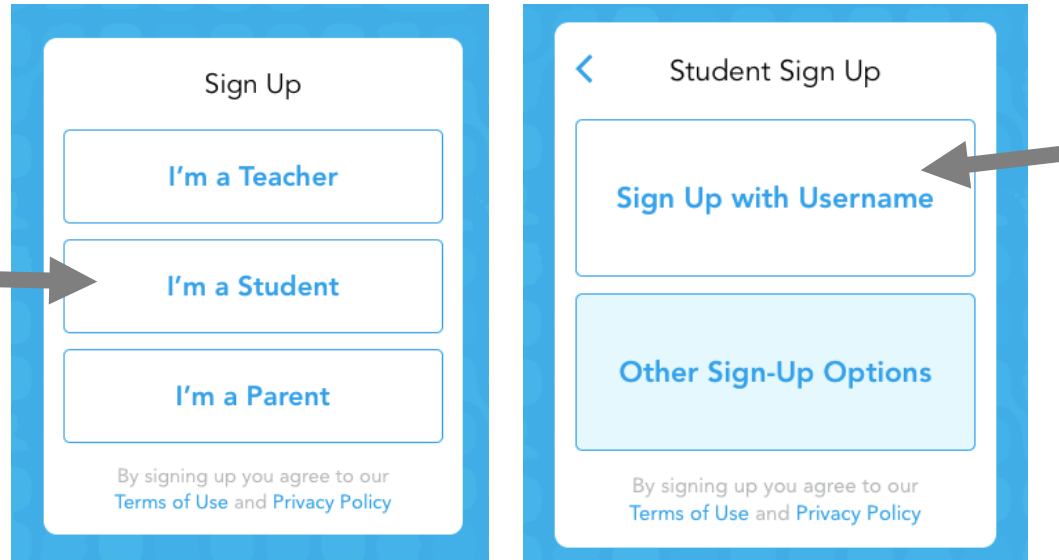

If you have an iPad you can download the FREE APP.

Setting up an account

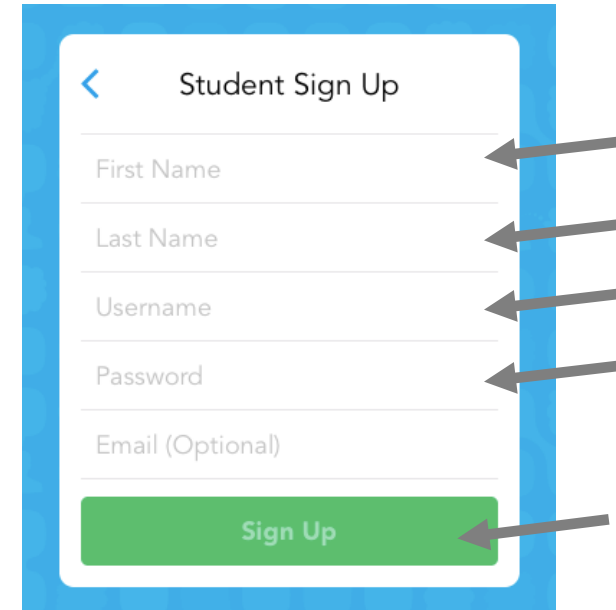

1. Click sign up for free

2. Click 'I'm a student' then with a username.

3. Enter your child's First Name, Last Name, a username and a password. Then click Sign Up.

4. You then need to enter the class code provided by your child's class teacher.

Using Showbie- TOOLS

When you click on a file/document/piece of learning the below tools should be displayed along the top.

Click this to zoom in to make it easier to see or write on the document.
If working on a tablet eg iPad you can also 'pinch' and stretch the screen to zoom in or out.

Click this when the work is finish or partially finished.

This allows you to move the document around so you can see different parts.

This text tool can be used when **typing** writing in answers.

This is the pen tool which if working on a tablet you will use mostly to **write** in answers.

This is the highlight tool which can be used to mark/underline/highlight certain parts

This rubber can be used to get rid of marks made by the pen tool or highlight tool.

This can be used to type a comment when replying to your teacher.

This can be used to leave a voice comment to your teacher.

Using Showbie to PRINT

When you click on a file/document/piece of learning the below tool should be displayed in the bottom right corner.

This would be used to download the document/file to your computer if you were wanting to print it.

Using Showbie

writing a comment/asking for help

To leave the class teacher a comment simply write in the comment box then click post.

Only the teacher of the class will see this.
