INTERNET SAFETY SECTION

YouTube Kids

YouTube have an app specifically for children from Age 4. Although children of all ages often watch YouTube, children should only be watching videos in the YouTube Kids app.

Setting Up

1. Download the YouTube Kids app and connect your YouTube account.
2. Specify your child's name, age and birth month.
3. Select the types of videos to include in the app based on their age or select them yourself.
4. If you choose to approve content yourself, you will be presented with some sample videos to accept or reject. You can select collections, shows, music or learning.
5. Once chosen you are ready to use the app.

Don't forget to join us on 30th April when we will be talking about online safety during our Partnership with Parents Group Meeting (please see above for further details)

Thank you Mr Rogers!

Year 1 were very excited to receive a new Shop and Kitchen for their outdoor area this week. These beautiful items were made by Mr Rogers, parent at the school, and Year 1 cannot wait to start using them. Thank you Mr Rogers - how lucky are we to have such talented parents!

Thank you Fledglings Parents and Grandparents

Thank you also to the parents and grandparents of children in Fledglings who recently donated sand for the Fledglings new sandpit—we very much appreciate your generosity.

OTHER SCHOOL NEWS

Lost and Found

We have recently had a fitness watch and a M&S Sparks card handed in to the school. Please ask at the school office if these may belong to you.

Near Miss

We have been informed this week of a near miss incident when a car was driven on the footpath leading to the school at morning drop-off. Luckily no one was hurt on this occasion but I am sure you will appreciate that this could have very easily led to serious injury. Should you witness any unsafe driving, or parking, this can be reported by calling '101'.

Please do take care when driving to the school and consider parking further away and walking the last part of your journey.

Kind regards
