'Help Yourself' - Fruit, Vegetable and Bakery Items

Our free 'Help Yourself' to fruit, vegetables and bakery items is now available. Items are stored in the silver metal shed that we previously used for our Outdoor Library in the car park near large green container. Products available will be near or just past their 'Best Before' date donated by the Co-op. 'Best Before' date indicates that the food will start to deteriorate after this date and should be eaten as soon as possible once collected. We will check food before making this available but please do also check the food once home

before consuming. This will be trialled for a month to see if there is a need for this service. The silver shed will be open throughout the school day so that you can collect at a time convenient to you. **You do not need to let the school know that you have or will be collecting any food, this is free, so please help yourself to whatever you, your family or friends need.**
