SCHOOL WEBSITE

Internet Safety Page on the School Website

We have a page on the school website devoted to internet safety. Included on this page you can find details on how to set parental controls, general internet safety advice, ideas for talking to your children and individual guides for apps and devices. This page can be found on the 'Safeguarding' page under the 'Our School' tab or by [clicking here](#)

INTERNET/ONLINE SAFETY SECTION

Don't Let People See Where You Are

Location software sounds useful for seeing where your child is, but it also provides the opportunity for others to locate your child too. For safety, it's a good idea to disable location software on all devices or at least turn it off when it's not required. Also, be mindful of specific apps that record running routes or locations where your child might be playing a game. Talk to your child about why these can be dangerous and how to turn the setting on and off as required.
