OTHER SCHOOL NEWS

Free School Meals

Parents and carers may not be aware that the government have 'protected' those children who are eligible for free school meals so that, should your financial situation change and you no longer qualify, your child will still receive free school meals until they finish primary school. This protection came in to force on 1st April 2018 and covers any free school meals applications from this date until Universal Credit is fully rolled out which is expected by March 2022. With this in mind we would strongly recommend that you apply for Free School Meals for your child - this also applies to children in Fledglings, Year 1 & Year 2 currently able to have a **Universal** Free School Meals which is different to Free School Meals and which stops at the end of year 2.

Applications can be made online at <https://www.gov.uk/apply-free-school-meals/kent>, paper applications are also available from the school office.

As well as your child receiving a nutritious meal they will also be eligible to a free carton of milk each day, currently receive a supermarket food voucher during the school holidays and will also help to provide extra funding for the school which will be very much missed if not claimed.

Attached is a list of frequently asked questions but should you have any further queries please contact the school. All enquiries will be treated confidentially.
