## INTERNET SAFETY SECTION

Ask the question - **Which apps/games are you using at the moment?**

This will give you a good overview of the types of things your children are doing on their devices, along with their interests. Remember that they might not tell you everything they are using, so it is a good idea to ask them to show you their device. Because new apps and games are released regularly, it is important to have this conversation often to ensure you are up to date with what they are doing.

## CHILDREN'S

Year 5 have been doing bike ability all week and have been really improving on their bike skills.

Year 2 have been doing forest school this week and they have really enjoyed it.
