3rd January 2024

Dear Parents and carers,

We were extremely saddened to hear of the sudden and unexpected closure of Bubbles Nursery. We know that parents and carers have valued the caring learning environment that the nursery has provided for many children over the years.

We appreciate that the closure will have had an impact on a number of our families. Below we have provided a link to a short survey to gauge what requirements you may have now the nursery is closed so that we can consider what steps the school may be able to take to provide some assistance. We should be grateful if you would complete the survey by Monday, 8th January.
