

Our Term 6 Topic is...
The human impact on our
oceans

Please continue to read the school reading books at home with your child. It has such an impact on their learning! We will send home some 'longer' words to practise reading and maybe writing – the reading of longer words will be one of focuses for reading in term 6 🌊

Fledglings Newsletter Term 6

Wow – into our final term! How did that happen? Lots to look forward to...

A taster of what we will be learning this term:

- ✓ We will be exploring the impact of humans on the ocean and what this means for the animals that live there.
- ✓ We will be exploring more about different sea creature habitats.
- ✓ We will be making our own posters and banners to help people to understand the human effect on oceans.
- ✓ We will take part in our very own 'Save our Seas' protest around the school.
- ✓ We will learn more about different sea creatures and learn different facts about these creatures. We will make our own books and fact files.
- ✓ We will consider transition into year one carefully, making time for children to see their new classroom and to talk about their feelings during this process.

- Forest School is still on Friday for us this term.
- Tuesday Newsday – maybe your child can have ago at their own sentence – it doesn't need to be Shakespeare!! For example ... I went to the park.
- PE will continue on Thursday for now! We will continue practising for Sports Day then team games – all outside weather permitting so please ensure your child brings PE kit with trainers to school each Thursday to change into.
- We will also continue to keep reading books on Thursdays to help us change them ready to take home Friday.
