Dear Parents,

### **Bikeability Programme for Year 5**

We have arranged for Year 5 children to take part in the Bikeability Programme which gives children an opportunity to learn basic cycling skills. The Programme has been split into two levels. Level 1 will be completed in term 5 or 6 of Year 5 and Level 2 will be completed in term 1 or 2 in Year 6.

**Level 1** – your child will be shown how to control and master their bike. The training takes place in an environment away from cars and traffic. Your child also needs to be able to remove one hand whilst riding in order that they can make any necessary hand signals. If they do not have the balance to do this, they will not progress to Level 2.

**Level 2** – your child will be shown how to deal with traffic on short journeys using roads and junctions safely. This training will take place on the roads surrounding the school.

**To take part in Bikeability, it is essential your child can ride a bike, has their own roadworthy bike to use and a cycle helmet. Children will need to bring their bike to school on the day.** Children may wear their own clothes to school suitable for riding a bike on the day they have bikeability. Further details regarding the dates of the bikeability sessions will be sent to you once we have confirmed numbers.

**Please note that the scheme provider charges £15 per pupil for this programme. The cost of this must be met by the parent if you wish your child to take part.**

If your child would like to take part in Bikeability, please complete and sign the attached consent form, and make payment on or before **Friday, 6<sup>th</sup> March**. There is a minimum number of 10 required for the programme to go ahead. If insufficient consents and payment are not received by this date, and this has to be cancelled, you will receive a refund of your payment.

Kind regards,

Sarah Moss
