School Council Meeting Minutes

Date: 1st October 2024

Apologies: Chair

Matters discussed:

- **Introductions and getting to know you** – we all introduced ourselves and talked about what we were looking forward to doing as a member of the school council. We also discussed what we like about our school and some of the things we think we may be able to change.
- **The expectations of the role** – we all listened as we were told about the role of the school councillors and what we are expected to do as ambassadors of the school. We also thought about what we may not be able to do, as they are responsibilities for the grown-ups.
- **Completing information for the school board** – so everyone knows who we are, we created some information sheets about us to add to the board in the corridor. This way, if anyone needs a school councillor, they will know who to speak to!
- **Questions about the role** – Finally, we had a chance to ask any questions that we may have about our new positions. Whether we could organise fundraising, or support the grown ups in other ways. Unfortunately, we realised we don't get paid for this!
- **Thank you and focus** – Thanks for all attending. We will book in the next meeting soon, so we can think about the parking areas in and around schools, so put your thinking caps on in advance!
