

WHOLE SCHOOL PROJECT BASED LEARNING

During this period of closure, we have compiled a list of project-based learning activities that you can complete as a family. The aim of these is to provide the children with a balance of skills that draw on all areas of the curriculum or some 'life-skills'. These can be completed as a family or independently depending on the age of your child

<p>Build a model of your house. Write about who you live with, your address, any history of your house On return we will create a map of Eastry (and the surrounding area) of all of our models.</p>	<p>Write a letter, poem, draw a picture and post it to the residents at: Optima House Mill House, High St, Eastry, Sandwich CT13 0HE</p>	<p>Write a meal plan for the family. Look at budgeting, a balance meal, discuss fair shopping and cooking with some limited resources</p>	<p>Learn to sew (button, hems)</p>	<p>Change a tyre on a car</p>
<p>Plant some seeds/ do some gardening. Grow something edible and then cook with the produce.</p>	<p>Create your family tree, speak to relatives on the phone to learn some family history</p>	<p>Design your own island- what do you need to survive? This could be drawn, a model</p>	<p>Create a vlog (parents/ carers please consider internet safety) about an area of interest to you</p>	<p>Design a logo for the school that matches one or more of our school values: respect, joy, compassion, welcoming and perseverance</p>
<p>Research the history of Eastry, what has changed in the past 100 years?</p>	<p>Act or write a news report about how you are feeling with the current changes?</p>	<p>Write a letter/ draw a picture of thanks to a local shop for all their hard work in stocking our shelves</p>	<p>Plan how we can make our school more energy efficient</p>	<p>How can we make our playground a happier and more fun place to be? What can children do, what</p>

				can adults do? Challenge- how much money would it cost, is that realistic?
Design a superhero- what are they wearing, what is their super power	Design a website	Create a play or a favourite story? You could write the script, make costumes, design the props	Learn how to sort washing, iron clothing	Look at budgeting- Fledglings: a simple choice or options they could buy Year 1-2: How would you spend £10 Year 3-4: Year 5-6- your total budget for the month, what would they prioritise
Complete the 30-day Lego challenge: https://www.freehomeschooldeals.com/free-printable-30-day-lego-challenge-instant-download/	Design an app- what is its purpose, who is it for?	Create ideas for you and your family during 'screen- free' time	Play board games/ card games. Then make your own	Go on a bug hunt/ insect hunt- what insects have you found and what can you find out about them
Cook a meal for your family	Design and make cakes or biscuits, weigh out the ingredients, talk about ratios	Look through photos of your childhood so far and create a personal timeline, make	Create a weather report, make a map and symbols to show the changing climate	Watch the clouds, what shapes and images can you see?

		predictions for your future		
Build a den	Hold a family Olympics- create medals for prizes, train to be your personal bests, measure your heart rate, can you	Make playdough	Select an artist and draw in their style	Create a cartoon character and make a comic book about them.
Make a book. Will it be fiction or non-fiction? Will it have illustrations	Learn some card tricks or magic tricks (YouTube have lots of videos to learn) NB adults please watch videos first to safeguard your child	What would Ryder (paw patrol)/ Martin Luther King do to help others right now	Hammer a nail/ screw a screw- get children to help with basic DIY jobs in your home	Using a map (not google maps/ sat nav) navigate to another place (please consider social distancing advice)
Learn some first aid https://www.redcross.org.uk/get-involved/teaching-resources/first-aid-and-the-bystander-effect-teaching-resources	Research price difference for different grocery items using online food retailers, where are the best bargains?	Know how to read the time, analogue and digital	Learn how to make a bed or change the sheets	Put up a tent and camp in the garden- create a picnic tea.
Watch for birds- what have you seen? Can you attract more to your garden?	Look for stars- what constellations can you see?	Make a kite, test it out	Create a model or vehicle that moves, if each family member makes one, have a race	Learn to juggle
Make origami models (YouTube have lots of videos to learn) NB adults please watch videos first to safeguard your child	Make natural tie die items: https://www.playfullearning.net/resource/all-natural-tie-dye-diy/	Wash the car	Visit a national trust site (the open space ones are free during this current time)	Make a happiness journal of something that you are thankful for each day
Learn some Makaton https://wetalkmakaton.org/	Create your own dance video	Make an instrument and make up a song	If you have an instrument at home- practise it	Build a bug house or a hedgehog house

		or play along to one		
Help care for your family pet	Complete a jigsaw puzzle or make your own	Make a quiz for your family	Read a book and complete a book review- send to a friend to recommend a book to them	Make a poster for your bedroom
Learn a new language- use online videos to help	Complete a biography of a famous person- send it to them if they are living.	Research a chosen career as a future job	Learn and perform a poem by heart for your family	Measure the people in your family- how tall are they? What is the difference in their height, what is their average height? Compare in a couple of weeks, have you grown?
Practise tying shoelaces	How quickly can you complete a job e.g getting dressed- can you get quicker?	Help care for family members (within limitations of social distancing)	Learn Roman Numerals	Prepare a healthy snack e.g fruit salad
Learn to skip using a skipping rope. Can you go forwards and backward, can you cross the rope over. Can you learn some skipping songs. How many jumps in a minute?	Create an obstacle course	Watch for signs of the season changing	Set up a shop in your house	Go on a shape hunt, 2D and 3D
Create your dream house/ place to live
