Tuesday, 8th July 2025

Dear Parents and Carers,

Change to the length of the school day

In line with the Department for Education advice regarding the length of the school week; from the **2nd September 2025** we will be changing the length of the school day at Eastry Primary school. The school gates will open at **8:35** still and shut at 8:50 as they do now; however, home time collection will now be at **15:15**.

It is hoped that this will enable:

- Our children to attend wider community clubs such as swimming and music lessons
- Staff teams to communicate with one another and set up provision for the next day.
- Our school day length will be brought in line with other primary schools across the country.

Both of our main wrap around providers have been consulted and they will collect your children as they have done previously.

Kind regards,

A handwritten signature in blue ink, appearing to read 'S Moss'.

Sarah Moss
