WEEKLY UPDATE

The end of another week has arrived. You may have seen the groundwork that has been taking place at school. A drain has been repaired on the field, which will help to limit water retention when it rains.

We have also had the pleasure of planting our very own orchard! One of our school parents kindly applied for a grant, which covered the costs of preparing the ground and purchasing the trees, as well as providing the children with the wonderful experience of planting them in their classes. We would like to extend our sincere thanks to her for her time, effort and support in making this possible. It will be truly magical for the children to see the orchard grow over the years — what a legacy!

We are currently developing a new area of the website to share what is happening in classrooms, replacing the way we previously used Twitter/X. Thank you for your continued support with this. Once it is ready, we will share further details with you.

Have a great weekend.

Mr Craig Todd
