## Accessibility Policy

Responsibility: Mrs D Coates

Date: July 2020

Review: July 2022

Signed:  
Principal - C. Patterson .....

## **Accessibility Policy**

This policy outlines the way that Elliston Primary Academy provides access to education for pupils with a disability. A person has a disability if 'he or she has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.' (Disability Discrimination Act 1995)

This policy has been set out in accordance with advice outlined in the DfES's 'Accessible Schools: Planning to increase access to schools for disabled pupils'.

Accessibility is addressed under the following six headings:

Admissions  
Access to Buildings and Classrooms  
Curriculum Access  
Informal Curriculum  
Information for Pupils and Parents  
Development Targets

### **Admissions**

The Academy Improvement Committee and staff of Elliston Primary Academy support the Special Educational Needs and Disability Act (2001). Therefore, the school is committed to the principles of inclusion, allowing access to education for all children, where this can reasonably be provided. It is important that the Principal is informed of the Special Educational Needs and/or a Record of Needs of any child as soon as possible so that the school can discuss appropriate arrangements. This is no later than the beginning of the term preceding a child's entry to school in the Foundation Stage. Where transfers take place, the school is reliant on effective two-way communication with the child's prior school. All cases are considered sympathetically and on an individual basis.

The admission of a child with Special Educational Needs will be conditional upon:

The parents'/carers' full disclosure to the school of the child's disability  
Appropriate planning by the school, including requests for additional funding, is dependent on the school having access to all relevant information.  
The following of procedures set out in any school policies relating to Special Educational Needs.  
The availability of appropriate facilities within the school. These include both physical facilities and adequate curricular provision.

### **Access to Buildings and Classrooms**

All doors into the ground floor of the school building are accessible to wheelchairs. The school is all on two levels and classrooms on the ground floor are accessible for all pupils. We have a lift which will take wheelchair users to the first floor.

### **Evacuation Procedures**

If required, the school's evacuation procedures will be adapted to meet the specific needs of an individual. Such procedures will be discussed with the pupil and parents

as well as on a whole school level so that all staff are aware of any amendments. They will be highlighted in the Individual Learning Plan for the pupil.

### **Curriculum Access: Teaching, Learning and Assessment**

It is the aim of the school that wherever possible, all children will have access to a broad, balanced curriculum that builds upon their experiences.

Elliston Primary Academy has successfully supported children with a range of disabilities, physical, behavioural and learning of varying degrees. These children have been included in both curricular and extra curricular activities. Approaches are adapted when necessary, based on a full assessment of the needs of the individual child.

Access to the curriculum is a key consideration throughout the school- on entry to the school, when crossing Key Stages or when a disability develops. These instances may be long term or temporary and the school plans support accordingly. Each child in this situation will be involved in the construction of an Individual Learning Plan which is formally reviewed each term but reviewed informally as part of an ongoing process. This plan aims to ensure that each child with a disability works towards targets to develop skills to support their inclusion.

Advice is sought from appropriate professionals beyond the school. Support can be provided in a variety of ways through the school's staged intervention strategy outlined in the policy for Special Educational Needs.

- TA support
- Input from specialist teachers
- Technological enhancement
- Adaptation of teaching materials
- Specialist support programmes

The school has a network of computers as well as sets of iPads. This provides access to ICT for all pupils in a variety of locations. Effective use of these facilities can support children with mobility difficulties and sight impairment.

In considering the school timetable the school gives sympathetic consideration to individual needs. The organisation of the classroom is planned for flexibility, considering furniture, resources and seating arrangements in order to facilitate access and learning.

Pupils at Elliston Primary Academy have always been able to participate fully in a wide range of activities offered beyond the classroom, aiming to include children with disabilities wherever possible. These activities include:

- Outdoor education
- Sports
- Music
- Clubs and activities
- Excursions and trips

The suitability of any event and the need for additional support is discussed fully with parents in advance.

### **Information for Pupils and Parents**

Parents are routinely involved in reviewing provision for their child. The child will also be involved depending on their reliability, and their willingness to participate. Other aspects such as maturity and sensitivity of the issue are considered when deciding on the child's involvement.

Large print forms are readily available. The service of a sign language interpreter can be accessed to facilitate parental interviews.

If the pupils or parents have difficulty accessing information normally provided in writing by the school, such as handouts, newsletters, homework etc, then the school will be happy to consider alternative forms of provision.
