Dear parents,

As per the government guidance, children of critical workers and vulnerable children can attend school from Wednesday 6<sup>th</sup> January. For all other school children we will now move to remote learning, meaning you must stay at home and access learning through the provisions provided by school.

You will receive a learning pack containing guidance on learning for your children, teachers will be in contact and available via teams to discuss this. The focus from the government is for children to continue their learning from home, the packs will support this and provide resources so you can continue to support your child's learning.

School meal provision will be provided for all children entitled to free school meals. Once we have full guidance of how and when meals will be available we will communicate this to you.

We have limited availability of options for children who do not have access to a personal device at home. If you have any problems accessing the online learning, please contact the school office directly to check if you fit the criteria.

Any problems please phone the school office or email [office@ellistonprimary.co.uk](mailto:office@ellistonprimary.co.uk).

Many thanks,

Mrs C Patterson  
Principal

*Together we dream, believe, achieve*
