

## Elm Tree Primary School Stargazers

*The Elm Tree Way*  
**To feel Safe, Happy, Special and  
have Needs Met.**  
**By being Caring, Consistent and  
Calm at all times!**

### Key Words

Night Day Stars Moon  
Sun Nocturnal  
Constellation  
Rocket Astronaut  
Solar System  
Mercury Venus Earth Mars  
Jupiter Saturn Uranus  
Neptune

### Big Picture

We will learn about the Solar System and the features of different planets. We will find out all about night and day. We will investigate rockets and learn about people who have been into space.

### Important People

Neil Armstrong and Buzz Aldrin

As **writers** we will be describing what we can see, hear and feel in space. We will write descriptions about a character from space.

As **readers** we will we will enjoy a selection of different stories. We will be able to answer questions about what we have read and we will link this to what we already know.

As **mathematicians** we will think about big numbers. We will find out how far away the moon is and how long it would take us to get there.

As **artists** we will design and make model spaceships and evaluate them with our friends. We will create our own constellations with a variety of art mediums.

As **musicians** we will experiment with different materials to make 'space sounds'.

As **athletes** we will work together to move like an alien who has landed on Earth and put a dance together to show how we think this would look.

As **scientists** we will discover more about the planets. We will look at the properties of different materials and explain these to an alien visitor.
