LKS2 Trip—Tatton Park

On Tuesday 5th November, LKS2 took their historical learning outside to Tatton Park Hall. While there, we all completed 5 activities. We discussed farming, made flour and even planted seeds using bones and other tools that would have been around in the Stone Age. During the tool workshop, we looked at how tools were made using flint, bone, wood and leather. We followed this with hunting and identifying how hunting worked and what animals were hunted for food. To keep animals like bears out, people in the Stone Age finally worked out how to light fire using flint which some of our teachers managed to do successfully. As people in the Stone Age were nomadic, they built temporary housing. We had a go at building a shelter using wattle and daub by weaving twigs in and out of wooden poles. We all had a great day despite the cold weather and LKS2 pupils really showed their learning from class to the impressed workshop leaders.

Free Books for Schools

School have signed up for the free books for schools scheme with The Sun. We need to collect 3,500 tokens between 23rd November 2019 and 8th February 2020. In receipt of these tokens, school will receive £600 worth of free reading books. You will find the tokens in The Sun newspaper each day and there is one token per newspaper per day. Please send as many tokens in with your child to give to their teacher, Miss Harris or you can hand them in to the office. Thanks in advance for your support. Miss Harris.

Remembrance Day

On Monday 11th November, Endeavour Academy pupils and staff joined the country in remembering those brave souls who died in the wars and made sacrifices for us. All classes created poppies using the plastic bottles brought in and then joined together to commemorate those lost with the two minute silence. Discussions about Remembrance happened in all classrooms and the children showed incredible respect and maturity during this day.
