

SMSC in the Endeavour Curriculum

SMSC through History

Spiritual

History at Endeavour helps support pupils' spiritual development by:

- Fostering the mystery of how and why events in the past happened and their many causes.
- Helping children to realise the incredible significance that some individuals have had in the past and how historical knowledge changes with new evidence and different interpretations of events.
- Allowing pupils to see the similarities between people now and in the past and bringing them alive through original and interpretative sources, artefacts and visits and visitors. Artefacts, for example, can bring us closer to people through touching what they felt, feeling their shoes, clothes etc.

Moral

History at Endeavour helps support pupils' moral development by:

- Encouraging pupils to comment on moral questions and dilemmas from the past.
- Helping children to empathise with the decisions which ordinary people made at the time, based on their historical situation.
- Developing open mindedness when considering the actions and decisions of people from the past.

Social

History at Endeavour helps support pupils' social development by:

- Encouraging pupils to think about what past societies have contributed to our lives today.
- Promoting pupils own social development through working together and problem solving.
- The study of social issues is a common theme in History lessons.
- Exploring the similarities and contrasts between past and present societies and becoming aware of how, in the main, we are very fortunate to live in 'the modern world'

Cultural

History at Endeavour helps support pupils' cultural development by:

- Developing a better understanding of our multicultural society through studying links between local, British, European and world history.
- Gaining an understanding of and empathy with, people from different cultural backgrounds.
- Examining how other cultures have had a major impact on the development of 'British' culture.
