

DO YOU HAVE A FOOD ALLERGY OR INTOLERANCE?

Would you like to eat in the
school dining room with
your friends?

If this is you, we can help!

Here at Mellors Catering Services we can cater for students who have an allergy or intolerance.

We will meet with you to discuss what you would like to eat off the menu and whether it's suitable. If not, we will do what we can to adapt the recipe for you or find a suitable alternative.

There is no reason why you can't have a varied diet whilst at school and eat in the dining room with your friends, so come and speak to us. Please bring a medical note from your doctor or dietician so that we can register you and understand your needs.
