

## Geography

### Western United States and my region

Children will conduct in-depth study into geographical make-up of Western United States and comparing to where we live in England. We will explore the human and physical features such as climate zones, biomes, vegetation belts and tectonic activity. We will also learn all about rivers, mountains and the water cycle, and discuss the similarities and differences across the different regions.

## Languages

### En classe / In the Classroom

Pupils will have the knowledge and skills to present both orally and in written form about what they have and do not have in their pencil cases and/or school bag in French. This is a unit that focuses on recycling previously learnt grammar, using it with new vocabulary and a better understanding of the negative form, demonstrating a growing ability to create independent responses.

## PE

### Basketball

Children will develop key basketball skills including confident dribbling, accurate passing, and effective shooting techniques. They learn basic offensive and defensive strategies, improve coordination and teamwork, and begin applying tactics in small-sided games. These skills help build physical fitness, cooperation, and game awareness.

### Fitness

In Year 6 PE fitness lessons, children learn how to improve their strength, stamina, and flexibility through fun activities and structured exercises. They explore how physical activity affects their bodies, develop teamwork and resilience, and begin to understand how to set personal fitness goals.

## Science

### Animals including humans

In this unit, children learn about the human circulatory system by identifying its main parts and understanding the roles of the heart, blood vessels, and blood. They explore how factors such as diet, exercise, drugs, and lifestyle choices affect how their bodies function. Additionally, they examine how nutrients and water are transported throughout the bodies of animals, including humans.

## Eagle Class Curriculum overview

## Autumn 1

## Computing

### Online safety

Children will learn that people can be bullied through social media, messaging apps, games, and email, often through hurtful messages or sharing embarrassing content. It's important to capture this as evidence by taking screenshots or saving messages. Keeping apps updated helps protect against security risks, and this can be done easily by enabling automatic updates or regularly checking for new versions.

## RE

### Islam Enquiry

What is the best way for a Muslim to show commitment to God?

Children will learn that Muslims show commitment to God through various practices rooted in the Five Pillars of Islam.

## Art

### What mistakes do people make when drawing faces?

In this final drawing unit, children will build on the knowledge and skills they have studied through KS2 and KS1. Children will learn specific skills and techniques to confidently use line, shape and value to create their own artwork. They will use pencils and ballpoint pens to explore shading, blending and mark-making and will have developed a proficiency at controlling and selecting the appropriate tools. They will be able to articulate their observations. They will evaluate their own work as well as that of their peers.

## PSHE

### Being Me in My world

- Identifying goals for the year
  - Global citizenship
- Children's universal rights
- Feeling welcome and valued
- Choices, consequences and
  - rewards
- Group dynamics
- Democracy, having a voice
- Anti-social behaviour
- Role-modelling
