Update on our exciting building plans!

We can now confirm that two new classrooms are to be added onto the back of Enfield; our kitchen and hall will be enlarged; an integrated brick nursery building will replace the present mobile, which houses OAK; and additional areas and re-structuring internally, with an additional playground externally are also planned. We are very excited to be able to share this news with you today and hope to invite you into school soon to share our plans, the timetable of the four phases of works agreed and how this will affect our school community over the next year. Watch this space!

Phase 1 (an initial small works) starts during the summer break, as highlighted in yellow below.
