

Maths Home Learning Activities

2D Shape Hunt

Go on a 2D shape hunt around your house. How many shapes can you find? Can you draw the shapes and write a numeral for how many you found?

Make 10

Using physical objects to help you, explore different ways of making 10 using 2 numbers.
Can you write the number sentences for the different ways to make 10?

Number line

Can you make your own number line from 0-20? Make sure all your numbers are written the right way round (and the teen numbers have their 1 to start)!

3D Shape Hunt

Go on a 3D shape hunt around your house. How many shapes can you find? Can you draw the shapes and write a numeral for how many you found?

Number hunt

Go on a number hunt around your house. How many different numbers can you spot? Can you read the numbers to an adult or sibling?

Make a pattern

Make a pattern and describe it to someone else. You could use different objects from your house or draw it. Try and do one with 2D or 3D shapes.

Look outside

Have a look out a window in your house. What can you see?
Can you use positional language to describe where they are? (e.g. on top, under, next to)

1 More/1 Less

Can you write out 1 more and 1 less than your numbers 0-20? Can you tell your adult if more/less make the numbers bigger or smaller? Can you prove it?
