

## History

Study a chronology of the Roman Empire.

Learn about gladiators, their life as a slave and their ultimate fate. Research famous gladiators.

Learn about everyday life as a Roman child. Learn about their homes, education, clothing, food etc.

Study Roman numerals and consider their use and existence in life today.

Study Boudicca and her role in Roman times.

Study other famous figures from the past such as Julius Caesar, Claudius and Spartacus. Conduct research into these individuals.

Consider the impact that Roman life has had on life today.

# I am Warrior

## PSHE

Brave or daring - Ask children to think about a time when they were brave or daring. Explain to others what they did and how it felt.

## Geography

Hillfort Locations - Study a range of aerial images of ancient Celtic hillforts. Consider geographical features within the pictures and create a sketch map to demonstrate how and why they were built in these locations.

Country comparison - consider similarities and differences between Italy and the UK. Use a range of tools to conduct their research.

Street maps of Rome - Study the Roman features that still exist in Rome today. Create a tourist map of the city and plot a route to see all the major sites.

Roman towns in the UK - Use mapping tools to plan routes between Roman towns such as Bath, York and London.

## Art and Design Technology

Create clay coins - Explore patterns and shapes on Roman coins and design their own coin. Create their coin using clay and decorate their dried coins with gold, silver or bronze paint.

Sketching - Look at drawings, paintings and statues of Boudicca and discuss how she is portrayed. Children create their own sketches of Boudicca.

Create Roman mosaics - Study and compare Roman mosaics. Discuss how they provide evidence and understanding of the Roman era. Children design and create their own Roman mosaic.

Roman food - Follow a recipe from a poor Roman family and compare this to the food of a rich Roman family.

Create a shield - Design and make either a Celtic or Roman shield. Investigate the materials, shapes and patterns used. Test their products.

Roman Legacy - Provide images of a range of items such as bridges, sewers, baths, calendars etc. and ask children to investigate whether they existed in Roman times or not. Use research tools to carry out their investigations.
