"Together We Will Make A Difference."

HEADTEACHER MESSAGE:

What a busy summer term it has been so far! We had a fantastic time on our Year 5 residential visit to Hothersall Lodge last week and hope you enjoyed all the photos and videos on Showbie. Cedar and Ash classes both had a wonderful time at 'Bring Yer wellies' last week and Year 6 learnt a lot on their visits to Leyland Trucks; it was fantastic to see how the trucks are made along with the career opportunities for our pupils.

It is Year 6's turn for their residential trip this weekend as they head off to Borreaton Park on Friday. We hope you all have a fantastic time making many new memories. Thank you to our dedicated staff for giving up their time, from their families this weekend, to make this happen, we are truly grateful.

Thank you for your unwavering support during our Ofsted inspection over the past two days. I am incredibly proud of our pupils, staff, and community. Your commitment and dedication truly shine through and make our school a wonderful place to learn and grow.

SIGNIFICANT CHANGES TO PENALTY NOTICE CHARGES

The DfE have recently announced national charges to penalty notices issues for unauthorised absences in term time, coming into effect on the 19th August 2024.

- Penalty notices issued for the offence after the 19th of August 2024 will be charged at the new rate of £160.00 however if paid in 21-days this reduces to £80.00.
- Any second penalty notice to the same parent for the same child in a rolling 3-year period will be issued at the rate of £160.00 to be paid within 28-days with no option for a discount.
- Penalty notice threshold is 10-sessions equivalent to 5-days of unauthorised absence in a rolling 10-school week period.
- Maximum of 2-penalty notices may be issued for the same child within a rolling 3-years period, so at the 3rd or subsequent offence another course of action will need to be considered such a prosecution or one of the other attendance legal interventions.

Out of School Club Activities

To celebrate summer solstice the children in club made their very own sundials. We took them outside to watch how they worked. The children really enjoyed watching the dial move around to tell us the time. The word solstice combines the Latin words sol for "Sun" and sistere for "To Stand Still"

Solstice is the point where the Sun appears to reach either its highest or lowest point in the sky for the year and ancient astronomers came to know the day as one where the Sun appeared to stand still.

If your child isn't attending club for whatever reason, please let Sarah Collison know. We do need confirmation from an adult that your child will not be attending the session.

You can contact Miss Collison on 07548944202 or email s.collison@primrosehill-euxton.lancs.sch.uk

What Parents & Carers Need to Know about SHARING PHOTOS ONLINE

School is often a time chock-full of milestones for your child, and you may well be eager to share their accomplishments with the world. In today's digital age, sharing images of such precious moments on social media is commonplace, and – while that's a lovely thing to do – it *does* come with some risks attached. Our guide can help parents and carers to consider the potential dangers and make informed choices about safely sharing photos of their children online.

WHAT ARE THE RISKS?

INVASIONS OF PRIVACY

Even with the right settings in place, absolutely nothing online is 100% private. Anyone who can view your photos could take screenshots and potentially share them elsewhere. Privacy settings are still important, though, so it's always wise to ensure your social media accounts have them set up; just bear in mind that you can't *completely* control what happens to anything once it's gone online.

REVEALING PERSONAL DETAILS

Small details in photos can often reveal personal information. Backgrounds can give clues to where you live, for example, while school logos on uniforms, sports kits, or bags could help someone identify which school your child attends. With interactive maps and reverse image searches commonplace online, information like this could easily be misused by an individual with malicious intentions.

MISUSE OF IMAGES

Once something's been shared online, it's almost impossible to get it deleted. Photos can show up in search engine results and be downloaded, manipulated, and shared without consent. There's the potential for someone's images to be used for advertising purposes (which in many cases, isn't illegal) or even more inappropriate reasons, such as cyber-bullying or serious forms of exploitation.

ONLINE GROOMING

Pictures that convey details about your child's interests, activities, or daily routines could arm an online predator with the kind of information they can deploy to gain a child's trust. They might use this knowledge to pretend to be the same age as the child or to have a shared hobby. Essentially, the more a predator knows about a young person, the easier it is for them to invent some 'common ground'.

PRESSURE TO PLEASE

When their parents or carers share notable moments and accomplishments in a child's life on social media, some children may begin to feel an expectation to *always* meet certain standards, to achieve things, or to behave in ways that are "worth sharing". Knowing that other people (even friends and family) can see these posts on social media might also add to the pressure they're feeling internally.

IMPACT ON DIGITAL FOOTPRINT

Every photo of a child posted online contributes to their digital footprint. Young people's lives have never been so closely and publicly documented as they are now, and this permanent online presence could affect a child's future opportunities or the choices they make as they grow up – in addition to influencing how they see themselves and, consequently, their emotional wellbeing.

Advice for Parents & Carers

REVIEW SETTINGS REGULARLY

Make sure your social media's secure in terms of who can view your content or see your location (only family and trusted friends, for example). Privacy settings aren't totally foolproof, but they *do* make it tougher for strangers to access your pics. Reviewing your settings regularly is also a good starting point for conversations with your child about managing their own social accounts when they're older.

CONSIDER OTHER CHILDREN

When taking a group photo, make sure you get parents' or carers' permission to share it on social media. There may be an important safeguarding reason for them not wanting their child's photo posted publicly online, or it might simply not tally with their personal beliefs or cultural background. A quick conversation in advance, just to make sure, is usually hugely appreciated.

CHECK YOUR PHOTOS

Photos of your child shouldn't provide any clues to where they live or go to school: even a house number, street name, or car number plate could be a giveaway. Cover up or blur out school logos, too. If you *really* want to share a particular pic, you could post a watermarked or low-res version, which can help to discourage misuse as those images are less appealing to download or reproduce.

THINK AHEAD

Try to consider the longer-term implications of what you post. Would you be happy with that photo being online in 10 years' time? Would your child still be OK with the image when they're older? Once your child is mature enough, you could ask for their consent before posting: it respects their privacy, fosters trust and understanding, and helps them to start thinking about their own online life.
