Module: Our World

Topic: Baseline Assessment and Growing in Our World

Year
1

Key Facts

- Stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up
- Others' families, either in school or in the wider world, sometimes look different from your own family. However, you should respect those differences and know that other children's families are also characterised by love and care for each other

I will learn the following new words/phrases:

Planet	A planet is a large object that orbits a star.
World	The earth, together with all of its countries and people.
Environment	The surroundings or conditions in which a person, animal, or plant lives or operates.
Humans	Being, relating to, or belonging to a person or to people.
Reproduce	To create another life.
Protect	Keep safe from harm or injury.
Unique	Being the only one of its kind; unlike anything else.
Common	Occurring, found, or done often.

By the end of these topics, I should:

- understand how we care for others
- understand the needs of a baby
- be able to recognise what you can do for yourself now you are older
- be able to describe the common features of family life
- be able to recognise the ways in which your family is special and unique

Ask me a question!

- What things grow on Earth?
- What does a baby need to grow?
- What can you do for yourself now, that you couldn't do as a baby?
- What do all families have in common?
