

Design Technology -Puppets - Year2

Prior Learning

None specific to Textiles.
Joining techniques in paper used.

Vocabulary

Design – Thinking about what you want to make before starting a project.

Materials – Fabrics all have different properties eg felt is soft, cotton is cool.

Template – a rigid piece of material used as a pattern to assist when cutting out material.

Joining – A way of making two pieces of fabric stick together (glue, staples, sewing)

Sewing – using a needle to join two pieces of fabric together.

Stitch – moving the cotton thread between the fabric to hold it together.

Evaluation – to say how successful the final product is.

Methods and Tools

Needle

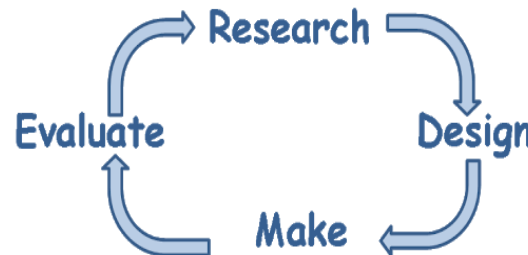

Running stitch

Scissors

Design Process

Key Learning

- Explore ideas by looking at a range of puppets.
- Use drawing to record ideas as they are developed.
- Explain what they are making and the materials you are using and why.
- Name the tools that are using and explain how they are fit for purpose.
- Say what they like and do not like about items they have made
- Use shapes and join fabrics by using running stitch glue
- Decorate fabrics with attached items

Jobs in Textiles

Materials and Consumables

| Template (higher ability) | |

Can I answer?

- How do we control hand puppets and make them wave ?
- Do I know how to thread a needle?
- Can I explain how to sew using a simple stitch (running stitch)
