Where can you find cave paintings in France?

Lascaux is famous for its cave paintings, found in caves in Southwestern France.

They are famous because of their exceptional quality, size and sophistication. Estimated to be up to 20,000 years old, the paintings are of large animals, once native to the region.

Things to think about

What was used as paint?

What tools would be used to paint?

Equipment/Materials

sticks
feathers
chalk
charcoal
