

Exciting News! Peripatetic Music Sessions for Evolve Academy.

From the start of term 6, June 2025, all primary pupils will now receive weekly ensemble peripatetic music lessons. This term pupils in West Norwood will be learning to play the ukulele and pupils in Kennington will be learning to play the recorder. These lessons will be taught by a specialist music teacher from Music Making SENSE.

Music Making SENSE is a team of musicians dedicated to providing accessible and inspiring music education programmes for children with additional learning needs. Through their programmes they enable our students to learn an instrument, compose and perform their own music, play in a band or orchestra. Don't be surprised if your child asks to practice at home!
