

Tip-Top Times Tables

Workshop for parents and carers

Thursday 21st March

9:00am and 2:30pm

Knowing times tables helps children to calculate quickly. By the time they get to Year 4, all children take a national times tables test.

Find out how to help your child learn their times tables, and answer questions quickly.

And calling all adults - perhaps you'd like to re-learn some yourself!

Pop along to one of our fun but friendly sessions, enjoy a hot drink and find out how you can help your child become a tip-top times tabler!

Magic Multiplication!
