

Weather Watch

Key Vocabulary	
seasons	The year is divided into four seasons : spring, summer, autumn and winter.
observations	What you notice when you look carefully at something.
record	Keep information about something that has happened, e.g. in writing or pictures.
temperature	A measure of how hot or cold something is.
thermometer	An instrument used to measure temperature .
United Kingdom	Made up of England, Northern Ireland, Scotland and Wales. Sometimes known as the UK.
affects	Makes a difference to.
waterproof	Keeps out water.

Seasonal Changes	
	There are changes in weather in each season . In spring, it is often rainy and the temperature begins to get warmer.
	In summer, the sun is much stronger. The temperature is warmer than in any other season .
	In the autumn, the weather turns chillier, windier and there is often rain. In the winter, it is often cold and frosty. It has to be freezing cold to snow.

Seasons	
These are pictures of a tree from the four seasons. <i>What season do you think we are in at the moment?</i>	
<i>Can you draw a poster with a picture for each season?</i>	
 Winter	 Spring
 Summer	 Autumn

How the Weather Affects Us	
The weather affects what we do and what we wear. If it is rainy, we wear waterproof clothes when we go outside.	
	
If it is hot, we need to wear sun cream and a sun hat.	
	

Our Weather	
The weather in the United Kingdom can change from day to day. The four seasons have particular weather patterns. You could keep a weather diary by measuring the temperature (using a thermometer) and recording your observations .
