The YoungMinds Crisis Messenger text service provides free, 24/7 crisis support across the UK. If you are experiencing a mental health crisis and need support, you can text YM to 85258.

They aim to connect every texter to a trained volunteer promptly to provide crisis help. They will listen to you and help you think more clearly, enabling you to know that you can take the next step to feeling better. You'll text each other, only sharing what you feel comfortable with. By asking questions, listening to you and responding with support, they will help you think through your feelings until you both feel you are now in a calm, safe place. You might be signposted to other services, so that you can continue to get support.

The crisis messenger service can help with urgent issues such as:

- Suicidal thoughts
- Abuse or assault
- Self-harm
- Bullying
- Relationship issues
