

NPQs with the Outstanding Leaders Partnership (OLP)

Who are OLP?

The Outstanding Leaders Partnership (OLP) is a national network of 110 Teaching Schools, Multi-Academy Trusts and Diocese working in collaboration to design, develop and deliver leadership professional development for aspirant and current school leaders.

Together with school system partners OLP offers the full suite of four, fully supported, leadership qualifications for aspirant middle leaders through to executive leads - equipping participants with the skills, knowledge and understanding to lead sustainable improvement across their schools and wider school system community.

OLP Covid19 response

With partners and our workforce we have been able to sustain and fully support current NPQ groups to ensure contingency arrangements meet participant needs, sustain relationships and provide flexibility for leaders in these challenging times.

Accessing the OLP NPQ programmes

The Autumn application window for all NPQ programmes is open. **The closing date is 24th July.** The DfE has continued scholarship funding and we are pleased to announce the start of our apprenticeship funded 'dual leader awards' for ML and SL participants in non-funded areas.

Scholarship funded route - <https://www.outstandingleaders.org/npq>

Apprenticeship funded route - <https://www.outstandingleaders.org/apprenticeships>

Our priority for all participants accessing an NPQ programme is to ensure they get the best possible quality professional development experience and our successful Covid19 contingency plans can be applied if needed for the Autumn 2020 intake.

Other resources available to support school and academy leaders

To support schools and school leaders we are delighted to offer the following:

- School Improvement library - <https://www.outstandingleaders.org/school-improvement>
