COVID catch-up premium report 2020-21 Boldmere Infant and Nursery School

COVID catch-up premium spending: summary

SUMMARY INFORMATION					
Total number of pupils:	284				
Proportion of disadvantaged:	19% (55 children)				
Total catch-up premium budget:	£22,690	Total money assigned for	£22, 690		

STRATEGY STATEMENT

- For the benefit of all pupils at Boldmere.
- To provide an oral language intervention programme for Reception aged children in Early Years
- To support children to 'catch up' on missed learning due to Covid-19, particularly improving literacy and numeracy skills.
- To ensure most vulnerable and disadvantaged children receive targeted support.

[&]quot;Children from disadvantaged backgrounds are likely to have been more affected particularly severely by closures and may need more support to return to school and settle back into school life. Whilst all pupils will benefit from the EEF recommendations, it is likely that some forms of support will be particularly beneficial to disadvantaged." (Covid-19 Support Guide for Schools – June 2020)

Barriers to learning

BARRIE	BARRIERS TO FUTURE ATTAINMENT					
Academi	Academic barriers: (issues addressed in school such as low levels of literacy/maths)					
1.	Pupil premium children have fallen behind further than other children. The gap has widened between the two groups.					
2	Phonics attainment in Year 1 is slightly lower than previous years.					
3.	Children's wellbeing has impacted on their learning and subsequently attainment.					
4.	Gaps identified in the math's curriculum, for example shape and measure, and other areas such as place value require further consolidation.					
5.	Lower than expected basic skills in English, such as handwriting and spelling.					

ADDITIO	NAL BARRIERS				
External	External barriers: (issues which require action outside school such as home learning environment and low attendance)				
6.	Increased numbers of children with mental health/anxiety problems due to their personal experiences of Covid-19.				
7.	Increased support for families where their circumstances, such as job losses and in year school transfers, have changed during Covid-19.				

Planned expenditure for current academic year

Targeted support						
Action	Intended outcome and success criteria	What's the evidence and rationale for this choice?	How will you make sure it's implemented well?	Staff lead	When will you review this?	Costing
Fund additional adult support for targeted intervention.	An additional adult to deliver interventions in each year group. Interventions will improve the outcomes of children who have been identified as needing "catch up" in their learning.	'Catch-up' structured intervention is required for those children who have fallen further behind due to school closure or periods of isolation (in particular disadvantaged children). Intervention to focus on literacy skills, including phonics in Y1. Current staff are needed within the classroom providing 'keep-up' intervention and providing quality teaching for all	Impact intervention sheets to be completed and discussed during pupil progress meetings with SLT. Year leads and class teachers to monitor progress and effectiveness of the intervention.	Year leads	SLT and assessment lead will review at the end of each half term.	TA in Y1 5 x pm for 9 weeks and 3 x pm for 5 weeks £ 4200 TA in Y2 3 x pm for 36 weeks £ 5400 CT in YR for 1 full day for 36 weeks £ 6480 AHT phonic intervention £1200
NELI- Speech and Language support	To improve the spoken language ability of children in Reception.	Government funded and recommended.	All YR Teaching Assistants to be assigned time to complete the training, prepare resources and deliver to specific children in their own class. YR teaching assistants support one another with NELI delivery. Early years lead to monitor progress of the children.	EY lead	July 2021 following 10 weeks of intervention	Staff cover for training: £330

Total expenditure: £22,690

ADDITIONAL INFORMATION

Catch Up at Boldmere Infant and Nursery is

(For all children)

Working through well sequenced, purposeful learning. Planning has been adapted to focus on missed key learning objectives and consolidate basic skills and knowledge.

Focus on consolidation of basic skills. The core skills which enable successful learning will require increased curriculum time across all year groups. These include: handwriting, spelling of high frequency words, basic sentence punctuation, basic addition & subtraction fact recall and reading skills relevant to age.

Additional lesson time on core teaching. Reading, writing and maths teaching will require increased teaching time in order to cover missed learning, particularly in the autumn term. In order to keep a broad and balanced curriculum, some subject areas may be taught as blocked days rather than weekly lessons during the autumn term.

Particular focus on early reading and phonics. This is always a focus in the school and will continue to be so in order to develop children's reading ability and vocabulary.

Assessment of learning and of basic skills to identify major gaps. Teachers will work to identify gaps in learning and adapt teaching accordingly. Assessments will be shared with new year groups/class teachers to identify any missed leaning (due to Covid-19) throughout the 2020-21 academic year.

Time spent on mental health, wellbeing and social skills development. This will be at the core of all catch up work. Children can only be effective learners if they are happy and secure in their environment and they are emotionally well. Many children may not have been in formal school setting for a number of months, as a result of National lockdowns.

(For some children)

Additional support and focus on basic core skills. Supported by additional staffing, and utilising our catch up premium, this will be facilitated across school. Ongoing assessments will be used to identify needs.

Additional time to practice basic skills. This will also be dependent on need of children. In order to re-establish good progress in the essentials (phonics and reading, increasing vocabulary, writing and mathematics), there will be flexibility on timetables to allow additional teaching time as required. Class teachers or teaching assistants will deliver 'keep up' intervention.

Catch up at Boldmere Infant and Nursery IS NOT:

'Cramming' in missed learning

Pressuring children and families into rapid learning

Teachers time spent highlighting missed objectives

Teachers time spent ticking off assessment points and extra tracking
