<u>Spellings</u> To be tested: 21 <sup>st</sup> Oct <input type="checkbox"/>		<u>Maths</u> Mathletics Task Set Practise times tables on TT Rockstars. <input type="checkbox"/>		<u>Spelling Shed</u> Your teacher will set your tasks. <input type="checkbox"/>		<u>Reading</u> Please read your reading book for 10 minutes every day. <input type="checkbox"/> You could use MyOn. <input type="checkbox"/>	

## Celebration Work- due Monday 18<sup>th</sup> October

This half term we are learning All About Brum! In Science, we are studying evolution; in computing we are learning how to be safer online; in RE we will explore the 5 pillars of Islam and much more in other subjects. To see what else we will be getting up to, *have a look at our Curriculum Jigsaw on the Year 6 page of the website.*

**To celebrate your learning**, we would like you to work on a project throughout the half term. This is to showcase all of the facts you have learnt. You can choose to complete any of the listed activities below or be as creative as you like to show what you have learnt. You can concentrate on one subject or more than one- it's up to you!

You will be presenting your work to the rest of the class.

Please bring this **completed masterpiece** into school on **Monday 18<sup>th</sup> October** to share with your teachers and friends in class.

- Design a new building for Birmingham which could be used in the Commonwealth Games
- Design a poster about Evolution
- Research the role of Birmingham in the Industrial Revolution
- Visit a local canal (with an adult) and feedback how they are used today in comparison to the past
- Research a Birmingham musician to tell the class all about
- Research any famous Brummie from the past or present!
