

Autumn 2 Homework Project – It's Electrifying!

During this term, create a project about one of our topics from this half term and bring it into school on **Monday 16th December** to show your classmates!

Please note, we will **not** be sharing PowerPoints.

Ideas for what you could do include:

- Researching the topic of Electricity and why it is so important to us. Can you make a battery out of a lemon or even dirt?
- Why is the Victorian Sponge famous? We will be making one this half term in DT!
- In geography, we will be learning all about the UK economy. What is an economy? What is the UK famous for making?
- We will be creating our own website using Google Site. Can you create your own at home too?
- Why is Christmas so important to Christians? Do you celebrate it in your household? If so how?

REMEMBER: You also have your weekly spelling test and ATOM homework.
