Dear Parents/Guardians

General Data Protection Regulation (GDPR) introduced in May 2018

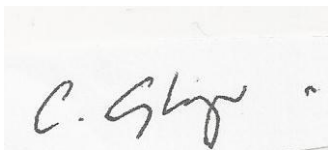

All 'data controllers' (which in our case is The Federation of Boldmere Schools) must have a lawful basis for processing personal data. Schools could not carry out their responsibilities without holding personal data about their pupils and parents/guardians; this is known as having a 'legal obligation'.

Although it would not be appropriate for us to seek consent to hold and process personal data about you and your child, we nevertheless want to reassure you that we take this responsibility very seriously.

We have therefore; carried out an audit of the data we hold and reviewed our practices to make sure that we comply fully with GDPR requirements. More details about the data we hold can be found in our Privacy Notices, which have been reviewed to ensure that they comply with GDPR; these are available on our schools' website.

If you have any concerns or further questions in relation to this matter, please do not hesitate to contact us.

Yours sincerely

Mr C Glasgow
Executive Headteacher
