

11 October 2018

Proposed Multi-Academy Trust Update.

Dear parents/carers.

As part of our ongoing commitment of keeping you informed regarding our proposed MAT, we have added some additional documents to our school websites, which include a 'pros and cons' document that had previously been requested. The information that we have provided is again not an exhaustive list, but we do hope that you find it to be of some use.

The original letter sent on the 10th September and the power point, alongside additional Headteacher commentary of our meeting on the 20th September, have also been placed on to the relevant section of our school websites.

We would like to thank all those that submitted questions prior to and at the meeting on the 20th September. In the interests of openness and transparency we have taken the time to collate and record all of the questions raised across our six schools, to produce a Q and A response paper that will also be made available on each of our school websites, by the end of this week. The responses being provided are given in good faith, having been reviewed by officials in the Regional Schools Commissioner's Office from the Department for Education. You will find the questions and answers have been organised into categories which we hope helps to provide a clear overview of the specific aspects that have been raised.

As mentioned previously it is our intention to keep you updated and we do hope that the additional information being provided, gives greater clarity and understanding of our proposed MAT.

As always, we thank you for your ongoing support.

Yours sincerely,

On behalf of:

Mr M Sadler

Ms M Jones

Mr C Glasgow

Mrs S Bradford

Mrs A Walklett
