Collecting Pupil Information

A full breakdown of the information we collect on pupils can be found in the school's data mapping document.

On some occasions, we process personal information on the basis of consent, for example, when we wish to take and use pupil images. Consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

How We Use The Information You Provide To Us

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds, which justify our use of this data. Such reasons include:

The submission of the school census returns, including a set of named pupil records, is a statutory requirement on schools under Section 537A of the Education Act 1996. Putting the school census on a statutory basis means that schools do not need to obtain parental or pupil consent to the provision of information ensures schools are protected from any legal challenge that they are breaching a duty of confidence to pupils helps to ensure that returns are completed by schools

Storing pupil data

We hold pupil data whilst pupils attend our School. The file will follow the pupil when they leave the School. However, we have a legal obligation to keep information beyond their attendance at the school, which will be destroyed in line with our data retention schedule as outlined within our data mapping document. Please contact us if you would like further clarification on our retention timescales.

We have data protection policies and procedures in place, including strong organisational and technical measures, which are regularly reviewed. Further information can be found on our website.
