Part A: Pupil premium strategy plan

Statement of intent

At Ferndale, we have high aspirations and ambitions for our children and we believe that no child should be left behind. We strongly believe that it is not about where you come from but your passion and thirst for knowledge, and your dedication and commitment to learning that make the difference between success and failure, and we are determined to ensure that our children are given every chance to realise their full potential. Our key drivers of Inspiration, Aspiration and Inclusion are at the heart of our curriculum and our approach to planning for our pupil premium children.

We recognise that common barriers to learning for disadvantaged children, can be financial, less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from reaching their full potential.

The challenges are varied and complex meaning there is no “one size fits all”.

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children’s social and emotional health to enable them to access learning at an appropriate level.
- ✓ To support our families to ensure that no child is left behind or has less opportunity at school.
- ✓ To ensure our children attend school and are on time, to ensure there is no lost learning time.

We aim to do this through:

- ✓ Ensuring that all children across the school receive at least good teaching, with increasing percentages of outstanding teaching
- ✓ Investing in highly skilled HLTA practitioners to support teaching and to deliver quality interventions.
- ✓ Investing in 1:3 tutoring led by experienced Ferndale teachers, alongside NTP.
- ✓ Ensuring that teaching and learning opportunities meet the needs of all the pupils, through skilful differentiation, including additional adult support.
- ✓ Supporting pupils through bespoke mentoring to improve their social and emotional health and behaviour.
- ✓ Supporting families financially through subsidised trips, enhancing opportunities for music and physical activity, alongside experiences out of school, such as day and residential trips.
- ✓ Supporting families via our attendance officer and parent support worker, breaking down barriers and ensuring good attendance

When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged

We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged eg have a social worker or who act as a carer.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The attainment gap – pupils have starting points well below their non PP peers and there is a significant gap in many year groups
2	The attainment gap in children achieving greater depth
3	Parental engagement and financial circumstances
4	Attendance – there is a negative gap in the attendance of PP compared to non PP
5	Behaviour – pupils with specific social and emotional needs which affect their learning

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Progress in Reading, writing and maths KS 1-2	Achieve national average progress scores in KS2
Attainment in Reading, writing and maths are improving for PP children	Close the gap between PP and non PP at ARE and GDS across years 1-6
Phonics standards are improving for PP children	Achieve national average expected standard in PSC in year 1 and 2 Close the gap between PP and non PP
Attendance improves for PP children.	increase attendance for PP children to ensure it is close to the NA reduce the % of PA for PP children

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.
