

Welcome to Flowery Field Primary School

We hope this information will help to explain the Reception class daily routine and answer any queries you may have. Up to now, your child has been growing and learning in a secure family environment and perhaps attends a playgroup or nursery. We understand that moving on to school is a big step for families so we try to make this transition as smooth as possible.

We recognise the important role you have already played in preparing your child for school. By working together as partners in supporting your child both in and out of school, we will be encouraging them to learn in a happy and enjoyable way whilst meeting their needs and interests.

We have an 'open door' policy and are always happy to speak to you, answer queries or put your mind at rest. If it is busy at the beginning and end of the day, we will make time to speak to you as soon as we can.

Help us to get to know your child

We want you to give us as much information as possible to help us to get to know your child. If you have any reports or booklets from your child's nursery please pass them on to your child's teacher, as they will provide us with information about your child's progress and next steps in their learning. In addition, you may need to give us medical information about your child. We need to know if they suffer from asthma, have an allergy, wear glasses or have any hearing loss. If there is anything else you feel we should know about, or if you have any particular worries about your child moving into Reception class please speak to the teacher.

Getting to know you

Parents are individuals too; please let us know if there is anything else we can do to enable you to support your child in school, for example, you may need someone to translate letters.

Curriculum

Reception children follow the Early Years Curriculum designed to help them achieve Early Learning Goals. These are targets that children are expected to achieve by the time they leave Reception class and provide a firm foundation for National Curriculum work in Year 1. We believe that children learn best from practical experiences and all areas of the curriculum are delivered in this way along with taught lessons for reading, writing, phonics and maths.

The Early Years Curriculum has seven subjects:

- Personal, Social and Emotional Development
- Physical Development
- Communication and language
- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

An effective curriculum for young children recognises that they often need to repeat experiences. This is a necessary part of the learning process, which develops confidence and leads to a greater understanding.

In Reception class, we build on the children's previous knowledge. Practical experiences are more valuable and appropriate at this stage of learning and 80% of our assessments are based on what the children can do when they are interacting independently. We recognise that play provides important opportunities for learning, exploring and discovering both indoors and out.

Taught lessons

Whilst play is essential for learning, Reception children still have daily routines that include some time for teacher taught lessons, which introduce new skills and extend previous knowledge.

These lessons are:

- Literacy – As a school, we deliver the 'Power of Reading' approach and this forms the basis for our literacy planning. We choose a text based on whole school themes and immerse ourselves and our environment in this theme both indoors and outdoors
- Phonics – Learning the sounds that letters make and using these to read and write
- Maths – Teaching is practical and we often apply our maths skills to experiments or investigations so children see how maths links to everyday life
- PE – Our school sports coaches deliver PE lessons once a week, developing skills in a variety of sports and also athletics
- Dance – Every class has a weekly dance lesson, taught in our dance studio
- Reading – Is taught individually and in small groups where an unknown text is used to focus on early skills and strategies needed to be able to read a book
- Spanish – We sing songs, learn greetings, count and focus on words that link to current learning or interests

Book bags

Shortly after starting Reception your child will receive a book bag. In it will be a word packet and a library book initially. The library book is their chosen book to share with you at home, children are not expected to be able to read this, so enjoy reading it together and talk about the story and pictures. Once your child is able to recognise the words in their word, packet they will be given a book that has those words in so that they can practise their new skills and word recognition. Every child develops at a different pace, so the book they bring home will be at a level they can read alone, allowing them to 'show off' at home. The book bag will also have a 'reading record' book in it; this is for yourselves and the teachers to write in when your child has read, so home and school can communicate about your child's achievements in reading.

Library books and reading books are changed once a week.

School uniform

Reception children are expected to wear full school uniform. Our school uniform is a royal blue sweatshirt or cardigan, an un-patterned polo shirt in white or blue, dark grey or navy trousers, shorts, skirt, pinafore or blue gingham dress. Uniform is available to buy on-line from Tesco or from Kids Stop in Hyde.

For PE your child needs to change into pumps, t-shirt and shorts. Jewellery should not be worn on PE days; if your child comes to school wearing earrings on a PE day they will not be able to take part. Only stud earrings are allowed on other days, this is for your child's safety.

It is very important to label all of your child's clothing, they are encouraged to put jumpers into their own tray and put their uniform into their PE bag when we change so that it doesn't get lost. It would be helpful if your child wears clothes that they can manage by themselves as independence in self-care is encouraged. It can be distressing for a child to be struggling with tricky belts, buttons etc. when they urgently need the toilet! We use aprons for painting and messy play and we wear waterproofs for the mud kitchen outside, but accidents do still happen. You should also be aware that we use paint outside too, so we advise that you do not send your child to school in their best coat. Your child will also need a pair of wellington boots so they can access the mud kitchen and splash in puddles when it rains.

Lunchtime

Reception lunchtime is 11:30 – 12:30. Children in Reception, Year 1 and Year 2 are currently entitled to free school meals. If you would prefer your child to have a packed lunch please indicate this on the forms in the transition information pack that you will receive prior to your child starting school.

Whichever option your child chooses, our lunchtime supervisors monitor what pupils eat and will inform the class teacher if there are any concerns.

The kitchen staff are vigilant with dietary requirements; a vegetarian and halal meal option is always available.

If your child prefers to bring a packed lunch, please ensure that they can unwrap the contents by themselves. Our 'Healthy School' policy does not allow fizzy drinks, glass bottles or cans, chocolate bars or sweets and we cannot heat or re-heat food.

Snacks

Children receive a free piece of fruit every day funded by a Government initiative and Reception pupils receive milk every day free of charge. We ask that every child bring a water bottle, labelled with its name on it.

Safety

A parent or other responsible adult must bring your child to school. We do not allow any child out of the classroom until we see the person who has come to collect them waiting outside the door. Please inform staff if anyone different will be collecting your child, we will only let your child leave with adults we know. Please message school in plenty of time if there is an alteration to collecting arrangements, as the telephone lines are very busy at the end of the school day.

First Aid

Qualified first aiders will attend to injuries, bumps and cuts, and inform you about any head bumps or more serious issues, other, minor incidents notified by a first aid slip at the end of the school day. If your child is ill or has a serious injury while they are at school we will contact you to come and collect them, so it is vital that you ensure we have your up-to-date telephone number and email address.

Attendance and illness

It is important that your child attends school regularly; school expects 96.5% attendance for all pupils. If your child has an appointment with their dentist or doctor, please let us know and if they are absent please telephone school. Try to make appointments after school or in school holidays if possible.

How can you help your child to get ready for school?

- Practise using a knife and fork and sitting at the table to eat
- Share books together, talk about the pictures and predict what might happen next in the story
- Practise reading and writing their name
- Teach them to dress and undress themselves; fasten buttons and do up zips on coats. You may even want to practise getting ready for PE and putting clothes into their PE bag
- Play simple games, taking turns and experience losing as well as winning
- Encourage them to go to the toilet by themselves and wash their hands afterwards
- Sing songs and nursery rhymes together
- Take time to talk to your child, listen to them and encourage them to listen to you

We want parents to feel involved in their child's education and we aim to develop a good partnership between home and school. Parents and carers are welcome to come and help in school by playing games with groups of children, gardening with us, coming on educational visits, helping with reading, leading craft activities etc.

The most important thing is that your child feels happy and secure at school and we hope that by working together as teachers and parents/carers we can achieve this.

Rainbows – Before and After School Club

Our school offers breakfast, after school and school holiday care provided by Rainbow Child Care. The club is in a separate building within our school grounds, making drop-off and collection easy for parents. The club opens at 7am and closes at 6pm. For further details, prices, to check availability or to arrange a visit, please contact the Rainbow office direct on 07769153279. You can also visit their website at <https://www.rainbowdukinfield.co.uk/>

We look forward to seeing you in September!
