

On Wednesday 12th October, Mr Cowperthwaite came to school on behalf of The World Reimagined to tell you all about the special artwork in our city and other cities around the country. The globes which he showed you were created as part of a special project to explore the UK's history with racial injustice and progress towards racial justice. You can now go to Liverpool One to see all 10 globes as well as visiting www.worldreimagined.org to find out more about the project.

After such an inspiring visit, we decided to launch a competition to design your own globe thinking about what 'The World Reimagined' means to us at Forefield Junior School. I talked to you about diversity, tolerance and acceptance based on these two quotes:

'Together, we can create a future in which all can say: I am seen.'

'To create a world that embraces the dignity of all, we must recognise a simple truth: We are our history.'

On the other side of this sheet, there is a circle for you to design your globe. You need to draw and colour your design, rather than using a computer, as the winners will be recreating their designs onto a globe in school to be put on display in the library. You also need to write about your design in the space provided, telling me why you have chosen your design and what it means to you, Forefield and your world reimagined.

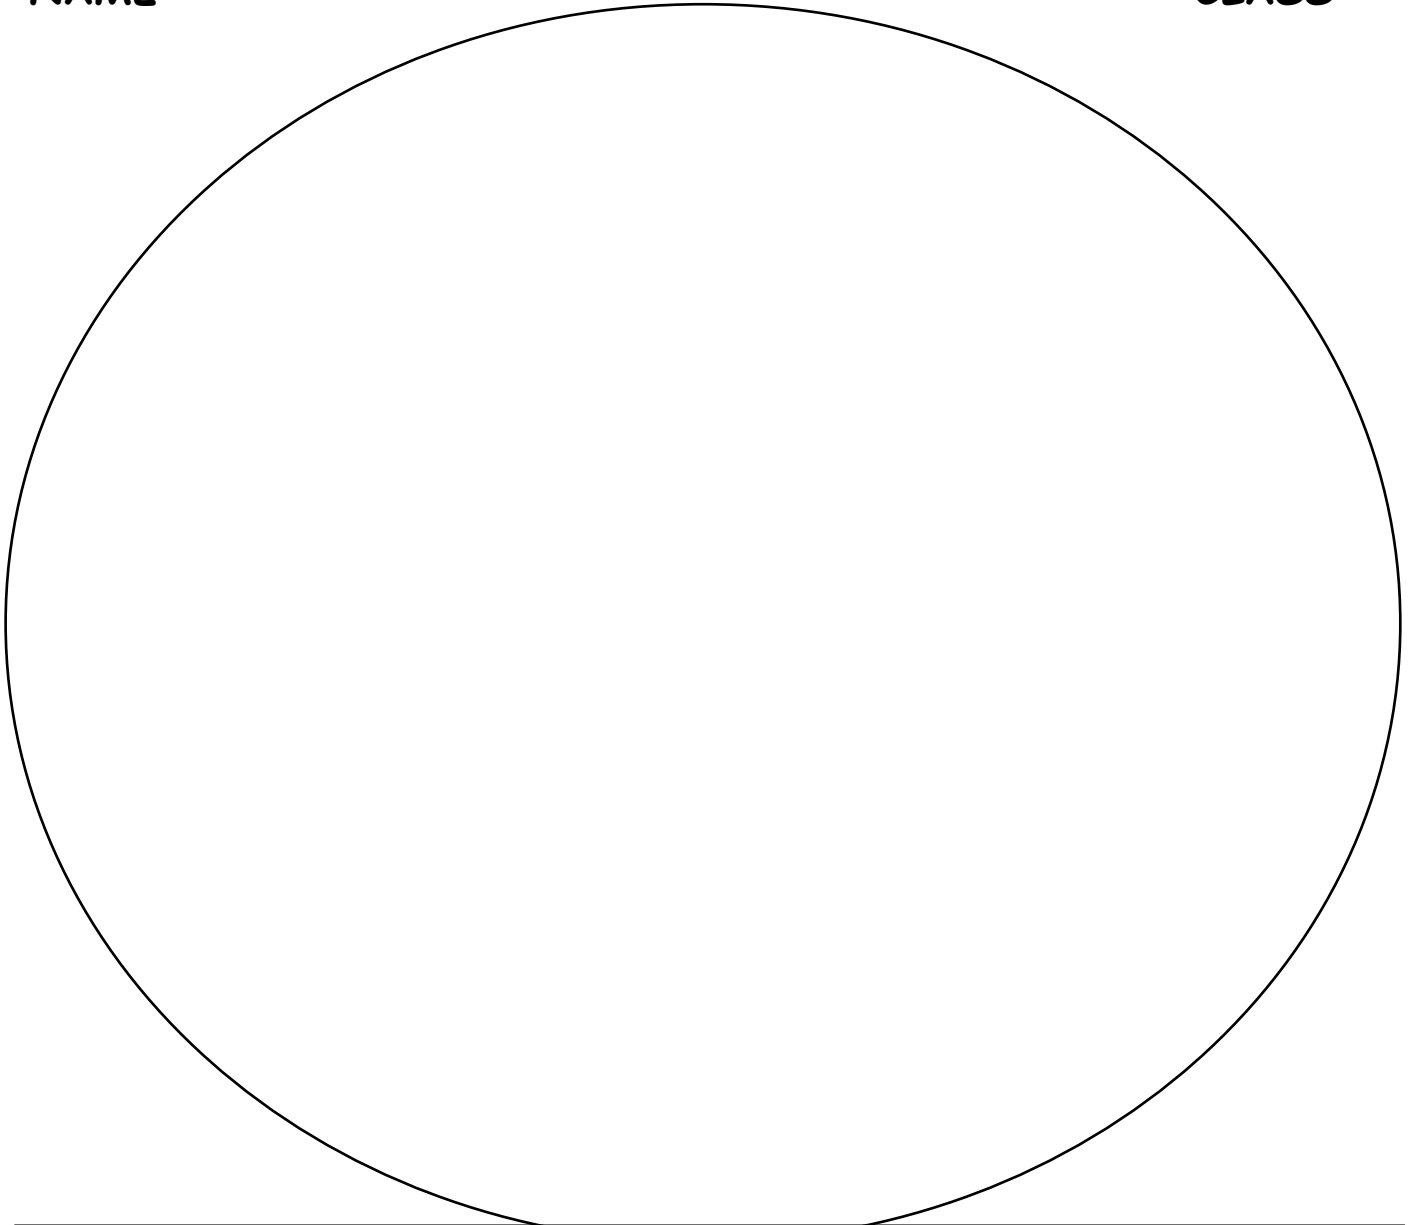

Good luck.

Mrs Schwartz
