

FOREFIELD MATTERS

20th May 2022

Dear Parents, Carers and Children,

It has been an exciting week for Year 3 as each of our three classes have spent a day exploring the Sefton coastline. From walking through the pinewoods, across the dunes at Formby Beach and back to the Eco-Centre's immersive room they have all had a fantastic time. Their guide, from Southport Eco-centre was impressed with their knowledge of coastal features and their enthusiasm for learning. Thank you to the parent helpers who ensured that everyone had a great time. It's great to see the children extending their learning beyond the classroom and brilliant to have so much parental support!

Platinum Jubilee Celebrations...

As you know we are busy preparing to mark the occasion of the Platinum Jubilee – celebrating the 70 year reign of Queen Elizabeth II.

When we return to school after the holiday (on Wednesday, 8th June) we will be putting the finishing touches to our Scarecrow Festival! Each class has chosen a historical figure (from the past 70 years) to recreate. The historical scarecrows will then decorate our Quad, with lots of bunting, in readiness for a party for each year group.

Years 3 and 4 will have their parties on the Thursday and Years 5 and 6 on the Friday. Those days will be 'own clothes' days – but we would encourage red, white and blue!

Each child will be asked to decorate a paper plate on Wednesday, take it home and then bring it in on their party day with a suitable snack for the party. If plates are named and then covered in cling film/tin-foil it will help to ensure that each child only eats their own food and minimises any risk of allergies/food intolerances.

A sneak preview of one of the scarecrows!

World Bee Day...

World Bee Day takes place on **20 May** each year, and its aim is to spread awareness of the significance of bees. Bee campaigners also ask people everywhere to do more to help and protect the special insects. We are very lucky to have a member of staff (Mrs Falconer) who is also a beekeeper! Today, she brought her bees into the school hall to meet some of our pupils. Mrs Hill (our science lead) is keen to extend this experience to other classes in the future. 3M and 3B (appropriately) were delighted to be the first classes – especially when they realized they were safely behind glass. You could say they were 'buzzing'!

Take care and have a lovely weekend!
