

Dear Customer,

**We are delighted to announce that we will be launching our new site next week for all our online customers.**

**Please note that in order to ensure this process goes smoothly parents may find online shops unavailable for a short period of time**

**When the new site re-opens it will provide easier access to the parent ordering pages and greatly improve the customer experience.**

We will now have immediate visibility of all orders and be able to provide more accurate information of where your order is at all times.

The address ([www.stitchdesign.co.uk](http://www.stitchdesign.co.uk)) will remain the same but **existing customers will need to re-register; full instructions will be seen on their first visit. Don't worry, it only takes a minute.**

Please forward this information to all your parents so that they can register and also be kept informed of the progress of their orders.

We wish you a wonderful and well earned Summer Holiday

**Stitch Design**
