NON-EXAMINED ASSESSMENT POLICY

Framwellgate School Durham: Ethos and Values Statement

Excellence, Compassion and Respect for All

Our school promotes academic excellence and embraces the shared values of honesty, integrity, respect and compassion. We want our students to be ambitious, kind, resilient and hardworking, and have a genuine passion for learning. We want them to change the world with the knowledge, skills and confidence they have learned here; to champion fairness, have friendships for life, and pride in our school. Above all, we want our students to be happy.

British Values

All staff are expected to uphold and promote fundamental British Values including democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.

1. Aims

This policy aims to:

- i. Establish the procedures for planning and managing non-examination assessments
- ii. Define staff roles and responsibilities with respect to non-examined assessments.
- iii. Outline the measures we will take to manage the risks associated with non-examination assessments.
- iv. Support the ethos and values of the school

2. Relevant policies and publications

The Joint Council for Qualifications (JCQ) requires each exam centre to have a non-examination assessment policy. This is outlined in the JCQ's instructions for conducting non-examined assessments, which we refer to when carrying out non-examined assessments in our school.

This policy takes into account the JCQ's guidance on post-results services and general regulations for approved centres.

This policy also complies with our funding agreement and articles of association and should also be viewed in conjunction with the complaints policy and policies relating to BTEC courses.

3. Principles

The principles underpinning our policy for non-examined assessment:

- i. It promotes a sense of transparency and honesty for all candidates
- ii. It ensures fairness and an equal opportunity for all students to succeed.

- iii. It follows the JCQ guidance to ensure robust and controlled assessment practices are in place.
- iv. It acknowledges the importance of non-examined assessment for a student's overall achievement and success.

4. JCQ Guidance

Definition: The JCQ explains that non-examined assessments measure subject-specific knowledge and skills which cannot be tested by timed written papers. There are three assessment stages involved which each need to be managed. Different rules apply in different subjects at each stage:

- Task setting
- Task taking
- Task marking

The regulator's definition of an examination is very narrow. In effect, any type of assessment that is not 'externally set and taken by candidates at the same time under controlled conditions' is classified as non-examination assessment. NEA therefore includes, but is not limited to, internal assessment. Externally marked and/or externally set practical examinations taken at different times across centres are classified as NEA.

5. Roles and Responsibilities

This outlines the key responsibilities of staff in relation to non-examined assessment. Staff should read the JCQ guidance for more detailed guidance.

The **Headteacher** has overall responsible for ensuring that this policy is 'fit for purpose' and ensuring the following:

- That non-examined assessments comply with JCQ guidance and awarding body subject-specific instructions.
- That JCQ's information for candidates is distributed to all candidates prior to assessments taking place.
- That the school's internal appeals procedure clearly details the procedure to be followed by candidates (or parents/carers), ensuring that details of this procedure are communicated and made widely available and accessible.
- Being explicit and transparent to candidates and their parents/carers in terms of the complaints procedure, for general complaints about the school's delivery of, or administration of, a qualification.
