

**We're here to
keep you safe**

Our school crossing patrol officers are a valuable asset to the local community and help protect and enable the safe crossing of roads for pupils, parents and carers. If everyone shows respect and follows some simple rules crossings will be a safe and happy place for all.

Walking and cycling all or some of the daily school journey is a great way to enjoy some fresh air and get some exercise, children will arrive happy and healthy, ready to learn.

Safety do's and dont's

- STOP means STOP never drive through while officers are attempting a safety crossing
- Please be considerate when parking, and do not obstruct crossing points for the safety of everyone
- If you witness any incident of abuse or aggression towards the patrol officers please report it to the Road Safety team on 0191 520 5550 or online www.sunderland.gov.uk/report-it
