

Friendship Leaders

At St. Peter's our job as school council is to help in assemblies on some occasions about how we solve playground disagreements in lower year groups. Every week we each have specific days where we go down to the year 1 and 2 playground and help the teachers with minor problems the children might have. For example arguments, and falling over. We occasionally have meetings about school and if we are happy with which days we help the infants and about what we can do to make certain aspects of school better.

We have created our own rota and so the children know which 'Friendship Leaders' will be out with them on each day. Every class has a copy and it is on our School Council notice board.
