- Willow

PHOTO OF PERSON GIVING TALK

WHAT THEY DO

'She helps people
when they are ill' –
Millie

'She does blood tests'

'She helps people
when they are hurt' –
Heidi

'She bandages
people up'

What did I learn?

Nurse Burton came in to talk to us about being a nurse and what she does in her job. She talked to us about our parts of the body and our bones.

We asked her lots of questions such as 'Do you help people?', 'How do you help people?', 'Do you take care of people?' and 'How is it being a nurse?'

'Nurses work at night' – Emily

'About bones' – Millie

'Different kinds of blood' – Ava

'The body' – Alfie
